## Quotes

"The Alhambra Theatre, Dunfermline was amazing"  
**Paolo Nutini**

"We had a very, very, good gig just recently at the Alhambra in Dunfermline, it is a really gorgeous space, kind of like a Scottish Shepherd's Bush Empire with a really good old school feel about it. That was a really special one, it was great - they even put a sign up for me saying 'Welcome home KT'"

**KT Tunstall**

"I love the Alhambra. It's the best theatre in Britain. That stage is one of the best stages you could ever play on anywhere in the world. The Alhambra is a real rock and roll venue"

**Pete Agnew (Nazareth)**

"Flying Music has been delivering shows to the Alhambra in Dunfermline from shortly after its refurbishment and grand opening. Flying Music have enjoyed a professional and friendly relationship with the team at the venue and found that their marketing people were very passionate in their approach to making sure they maximised the sales for our shows"
